

The Baltic University Programme presents

MASTER THESIS TRAINING

Hey master students!

Are you interested in writing your thesis about sustainable development within the Baltic Sea region during the spring term of 2022? Then this is an opportunity for you!

We are looking for passionate students who want to participate in our master thesis training where you will get the opportunity to develop and improve your thesis, network, and get supervision from senior academics and other students.

The training is completely free of charge* and includes:

- Start-up seminar online
- 4-day master thesis training in Riga
 - Supervision from a senior
 - Feedback from other students

Are you interested? Scan the QR-Code or visit balticuniv.uu.se for more information and inspiration!
